Records

On 20 October 2019, China's [Lu Pinpin](#) broke the world record in the women's 500m [obstacle swimming](#) course classified under the [military pentathlon](#) with a record timing of 2 minutes and 10.9 seconds.^{[22][23]}

Overall, 82 records were broken during the nine day multi-sport event.^[24]

Controversies

In [orienteering](#) China's teams originally captured a gold and a silver medal in women as well as a silver in men, but were all disqualified by the [International Orienteering Federation](#) after it was found out that they had been given access to secretly marked paths and received external assistance thus gaining major unfair advantage over other competitors.^[25] A common protest was also held by the competitors from Russia, Switzerland, France, Belgium, Poland and Austria accusing the Chinese team for gaining major unfair advantage in the competition.^[26]

After the [COVID-19 pandemic](#), [conspiracy theories about COVID-19](#) attributing the virus' creation to the CIA emerged.^[27] Some articles on popular sites in Chinese have accused American athletes participating in the Wuhan Military World Games to have deployed the virus. They claim the inattentive attitude and disproportionately below average results of American athletes in the game indicate they might have been in for other purposes and they might actually be bio-warfare operatives, and that their place of residence during their stay in Wuhan was also close to the [Huanan Seafood Wholesale Market](#), where the first known cluster of cases occurred.^{[28][29]} Returning French athletes reported that a large number of athletes from different delegations had fallen ill with unusual symptoms during the games which some attribute to COVID-19; none have been tested, as military authorities asserted that it would be impossible in any event to determine exactly when the infection had occurred.^{[30][31]}

Participating nations

It was reported that 109 nations took part in the event including athletes from Russia. In September 2019, the [International Association of Athletics Federation](#) approved athletes from Russia with the [Authorized National Athlete \(ANA\)](#) status to take part at the event.^[32] However the [All Russia Athletics Federation](#) remained silent on the participation of Russian athletes.

List of participating nations

9,308 athletes from 110 countries participated in the games:^{[33][34]}
